

# Chinese Bible School

MONTHLY REPORT—July 2017

We are very excited about sharing with you a happy baptism in mainland China and a rapid progress of the Genesis course.

In the Information Age, YouTube and Facebook are great instruments of evangelism in America. In sharp contrast, thousands of websites have been blocked since September 2015 by Chinese authorities to achieve Internet censorship, which prohibits user access to forbidden websites in mainland China. Thankfully, God is able to do exceedingly above what we expect for the outreach ministry. In July, we broke the “Great Firewall of China” and uploaded a Chinese video *Why Are There So Many Churches*. Please read the comment from Mr. Nan Chiang, a denominational friend who has attended services at a Lord’s church in central China.

A very good resource! I appreciate pastor William Chen’s teaching style. He exhibits tranquil tone of voice coupled with scripture and historical facts to expound the issue. The presentation is coherent and systematic. I am going to share it with my father.

On July 30, 2017, after further study on biblical baptism with Chin Leo, a fellow worker during my last mission trip to mainland China, Mr. Chiang was baptized into Christ. What a happy day! We give God the praise, honor, and glory for the outreach of this ministry.

Moreover, one of our supporters in Southeast Asia wrote to us:

We really admire your good work and very happy we can do our little part of it [financial support]. Just watch your video [*Heaven*], shared on Facebook, and I think it is really good. I am studying with an old friend of mine and he too likes your video.... [He] has recently started to study Bible after the passing of his mother. Pray that God’s words will lead him to the right direction. Pray that your work for the Lord will be smooth. May the Lord be with you always!

Soon after returning from my mission trip to Asia, I was engaged in recording seven lessons on Genesis and working on the graphics and charts in both Traditional Chinese and Simplified Chinese. In the future, we will offer a series of 11 lessons for the Genesis course in our school curriculum. We presently have the first three lessons up online for free viewing at [ChineseBibleSchool.org](http://ChineseBibleSchool.org); the rest of the lessons will be available on the internet shortly. These lessons will also be available on DVD.

I am thankful for the opportunity of proclaiming the gospel of Christ through social media. We dream there will be many others benefiting from the school as they expand their knowledge of God’s most Holy word.
