

# Chinese Bible School

MONTHLY REPORT—February 2019

We are thankful for the faithfulness of your prayers for the work of the Lord.

The work of the Chinese Bible School is to provide sound biblical teachings to almost 1.4 billion Chinese-speaking people around the world. The goal of this year is to continue working on the video lessons for *The Story of Jesus*. In February, we have finished another three manuscripts for video lessons 29-31 on Jesus the giver of living water, Jesus is the light of the world, and Jesus is the good Shepherd. These three lessons are mainly taken out of the gospel of John. After completion of the manuscript for lesson 32, we will film the lessons 25-32. The filming will take place in early April and the finished videos will be uploaded to the Chinese Bible School in early summer.

In the past two months, our Tencent QQ online Bible study group has been studying *The Story of Jesus* video lessons 17-24, one lesson each week. After viewing each video, students had to do the homework by answering the provided questions in writing. I am thankful that many students were willing to spend the time to watch videos and submit their answers in a timely manner. What an honorable attitude toward learning the word of God! A sister in Christ wrote me the following words after learning the lesson on Jesus's miracles of feeding five thousand and walking on the water.

These lessons greatly encouraged me. Every time reading these stories, I can only see the great power of God and His work. However, we are living in modern day when the miracle is expired. I, as little faith as Peter, do not know how to rely on God in sufferings. I am thankful for God's mercy on my weakness by giving me the opportunity to learn such good lessons that help me to understand God's will and to know how to walk in the life of stormy waves. Thank you brother for your teaching. May God remember your laboring.

Our Tencent QQ Bible study group will study *The Christian Evidences* starting in March. These six lessons will include the evidence of God's existence, Evolution and Creation, and evidence that the Bible is the word of God. The majority of the group members are from mainland China where the government is atheistic. These lessons are greatly needed to help students not only strengthen their faith, but also know how to answer the questions from non-believers.

All our Chinese videos currently online reached more than 22,500 views in the month of February, 2019.
