

Chinese Bible School

MONTHLY REPORT—September 2019

Our dear brethren, we are so grateful for your prayers on our effort to reach over one billion of Chinese-speaking people. May the Lord bless you richly with abundant life.

We are so excited that the new Chinese video lesson, *Biblical View of Same-Sex Marriage*, has been completed and uploaded onto our website. You are invited to view and share this video at ChineseBibleSchool.org. We hope and pray this video may help those who do not know God or have little knowledge about the Bible to understand that marriage is designed and defined by God no matter whether people or governments call “same-sex” relationships a marriage.

We continue to work on the lesson of *The Story of Jesus*. We have completed another 3 manuscripts this month, and that makes in total 7 new lessons of *The Story of Jesus* ready for video recording in October. We are glad that the story will soon be coming to the last week of the life of Jesus.

All our videos are on YouTube and available for the people in most parts of the world. The people in mainland China, however, are limited to access the videos on YouTube. We have been using USB drives to carry our Chinese biblical videos to the church members in China. We are thankful for the brethren who are willing to take and share those USB drives while traveling in China. Here is some very encouraging feedback from a university professor in China after viewing the videos from the USB drive:

Dear brother Chen, I have been watching your videos. I learned a lot from your biblical teaching and explanations. I have watched the *Genesis* lesson one twice. It has resolved many puzzles in my mind. I have also watched *The Story of Jesus* lesson one that helps me to understand the relationship of fourfold gospel.

He expressed he will continue to watch the videos and invite other friends to watch also.

Our Tencent QQ online Bible study group has started a new adventure in biblical word study. We have so far studied the words of “love,” “faith,” “kingdom,” and “jealous.” Some students expressed that they have a better understanding of those terms and appreciated more the words presented in the scriptures. One said to me, “I learned the Greek when I was in a Bible school. However, I do not know how to apply what I learned in Bible study. I have found our biblical word study is very interesting especially the same Greek word can be different meaning in different context.”

All the Chinese video online views were over 9,200 in the month of September.

Many thanks to the Lord for the opportunity to work for His kingdom.
