

Chinese Bible School

MONTHLY REPORT—October 2022

Dear brothers and sisters in Christ, we are thankful for your prayers and support. Because of your help, the gospel of Jesus Christ continues to be proclaimed to more than 1.4 billion in the Chinese-speaking world via internet evangelism. We also invite you to continue to pray for the people in China that they may be soon relieved from the psychological burden of endless rounds of testing and the fear of not having a green pass under China's Zero-Covid Policy.

We are glad the first eleven video lessons of the book of *Genesis* both in Traditional and Simplified Chinese versions have been completed and reviewed. They are ready to upload to the Chinese Bible School website. This is the first time we use the 4K format to produce videos. The quality of the final videos is amazing. Special thanks to the World Video Bible School (WVBS) for allowing us to use the graphics and video clips from the video *The Reality of Noah's Ark/The Global Flood*. Many of them were used to illustrate the dimensions of the ark and the scale of the global flood recorded in Genesis chapters 7 and 8 (in our video lessons 5 and 6). If you are not yet seen this video, I encourage you to watch this great video by clicking the following link: <https://video.wvbs.org/video/the-reality-of-noahs-ark-the-global-flood/>

In addition, a short video titled "Creation: HIStory / OUR Story" (at <https://video.wvbs.org/video/creation-history-our-story/>) from WVBS was translated to Chinese and used as an introduction of the Genesis chapter 1 in the video lesson 2. We have been trying our best to take advantage of the videos and graphics available from WVBS. We are also thankful to brother Mat Cain in WVBS for making high-quality maps of the Table of Nations (the descendants of Japheth, Ham, and Shem in Genesis 10, in video lesson 7), the Journey of Abraham (Genesis 12-13, in video lesson 8), and the Four Kings' Invasion (Genesis 14, in video lesson 9). I am also grateful to my wife Yolanda for designing most of the onscreen graphics and to brother Chin Young in Malaysia for his professional productions of the onscreen graphics.

Video reviews are also important before they can be released to the public. The Traditional Chinese videos were reviewed by brethren in Taiwan where Traditional Chinese is used and the Simplified Chinese videos were reviewed by the brethren in China and Malaysia where Simplified Chinese is used. I am thankful to all the reviewers (six of them) for their tedious review to make sure the correctness of the verse numbers and Chinese characters (especially in Simplified Chinese which I am less familiar with) in the onscreen graphics.

We hope and pray that the time we invested in making these biblical video lessons will be able to draw people's interest to learn the truth presented in the Bible.

May our God receive all the glory!
