MONTHLY REPORT—February 2021

Happy Chinese New Year—the Year of Ox. Chinese New Year began on February 12th followed by Lantern Festival on the 26th. A very special month for Chinese people around the world. May the God of peace be with you in the year of Ox that you will continue to be strong and good courage in this troubled world.

We are glad that the video lesson *The Blessed Assurance* has been recorded at the end of February. It was originally planned to record on January. However, the allergy to Cedar pollen was bothering me since mid-January until late February and hindered what had been planned. This Chinese video lesson mostly duplicated from the video lesson *Saved Without A Doubt* by Don Blackwell. I hope and pray the lesson will encourage brethren to have the assurance of the hope of heaven if we continue to walk in the light. The post-production is in process by brother Chin-Yong Teh of Malaysia. Brother Teh has been helping us producing the onscreen graphics for the video lessons. We have taken a step further to entrust him with the work of video post-production, including video editing and putting together with onscreen graphics, so we may be able to produce more video lessons.

The book of *Colossians* is our next teaching course for video lessons. There will be nine lessons for this course. The manuscripts of the first four lessons have been completed and are in reviewing.

Our Tencent QQ online Bible study group took three-week Chinese New Year break since the second week of the month. It was similar to the Christmas break, people would reunite with their family, visit relatives and friends and travel place to place. We hope our group members had a good time during the break. Whereas at the end of the month, some of them expressed strong desire to return to the class. One said, “...Please hurry back to the class, feeling like a century passed already.” Our next study will be on the *Book of Acts*. The lessons we are studying will be also the video lessons in the future for the Chinese Bible School.

Many brethren in Asia, as well as family members in Taiwan, were concerned about the winter storm that happened in Texas weeks ago. In our area, we suffered power outages when the storm hit. The last time when I experienced such extreme weather was in Massachusetts 16 years ago. It brought back all the memories. Although the storm caused some inconveniences in daily activities, we were able to enjoy the beauty of snow and share in the type of weather that many around the world experience regularly.

**All the online Chinese video views as of February 28 of year 2021 were
over 9,600.**
