

# Chinese Bible School

MONTHLY REPORT—March 2019

The month of March marks the two-year anniversary of the Chinese Bible School work. We are thankful for your prayers. May God continue to bless this Lord's work.

We have completed manuscripts for video lessons 25-32 of *The Story of Jesus*. We will be filming lessons 25-28 in the first week of April. Lessons 29-32 will be filmed when the manuscripts are reviewed and revised. The first four lessons introduce the final work of Jesus in Galilee, and the last four lessons present the work of Jesus in Judea.

In order to make our videos available for people in mainland China, we have uploaded them to the YouKu website, a video hosting service in China, for the last two years. As video views increased, some videos were blocked from viewing because of "violating internet policy" according to YouKu. Furthermore, new videos can no longer be uploaded through our YouKu account. However, we will continue to spread the gospel of Christ in China. Now we are making USB drives containing Chinese Bible School videos available for brethren to take with them to mainland China. May the Lord help our new way of evangelistic effort.

We started a new series of lessons on *Christian Evidence* in our Tencent QQ online Bible study this month. There are six lessons for this course, which include the cosmological argument, teleological argument, evolution and creation, and the evidence of the Bible being from God. These lessons are greatly needed to help Chinese brethren not only strengthen their faith, but also know how to answer the questions from the atheists. The following is a comment from a sister in Christ. She is trying to persuade her atheistic husband and daughter to believe God.

Brother Chen, these lessons are so terrific, especially lesson 2 (Cosmological and Teleological arguments). I listened to the audio recording several times. I would like to send these audio lessons to my husband and daughter. I will also share these lessons to the church members....These lessons for me are not easy to understand due to lacking of the scientific knowledge. I repeatedly listened and took the notes to help my understanding....

This is my prayer: that many brethren can benefit from these lessons, and those indoctrinated by evolutionary theory can come to their senses realizing there is a Creator Who created all things of the universe.

All our Chinese videos currently online reached more than 29,500 views in the month of March, 2019.
