

Chinese Bible School

MONTHLY REPORT—June 2022

Greetings from the Chinese Bible School. May this newsletter find you well in all things. It is hard to believe that the year 2022 is halfway through. I hope the first half of the year for you was fruitful in the kingdom of the Lord. Let us lift up the hands and strengthen the knees and continue to work for the Lord until He comes again.

We are glad the rest of the 13 video lessons of the book of *Acts* both in Traditional and Simplified Chinese versions have been completed. This marks the completion of all the video lessons for the book of *Acts*. Please share the following links to access in total 31 lessons of the book of *Acts*:

For Traditional Chinese: <https://chinesebibleschool.org/courses/traditional-acts/>

For Simplified Chinese: <https://chinesebibleschool.org/courses/simplified-acts/>

The above links are the address to link to our new video service provider other than YouTube. According to our trial experience, the uploaded video on this new service allows viewers even in China to play the video smoothly. Due to the great fire-wall built by the Chinese government, the people in China cannot access videos on some video service providers such as YouTube and Vimeo. With this new video service, we hope and pray that the people in China can access the videos in the Chinese Bible School. We are in the process of moving the videos from YouTube to this new service provider. We are thankful to Branyon May and Justin Parks of the World Video Bible School for their effort to make this transition.

The book of *Genesis* is our next teaching course for video lessons. It will be about 16 lessons for this course. The manuscripts of the first five lessons covering the first six chapters of the book have been completed and are in review. We had the *Genesis* video lessons done at the beginning of the work of the Chinese Bible School started five years ago. With the accumulated experiences in video recording and post-production, we have decided to remake the videos and add more materials emphasizing the applications of the Christian life to the lessons. We hope and pray these video lessons will draw people's interest in learning more about the first book of the Bible.

Our weekly Zoom online Bible study is continuing the study of the book of *Hebrews*. We have already studied 14 lessons from the first seven chapters of the book. About 22 attendees from China, Taiwan, and Malaysia participated in the weekly Bible study meeting. May the Lord continue to bless our study and especially bless those who thirst and hunger for His word.

All the online Chinese video views on the second quarter of 2022 were over 115,000.
