Before sharing the news from the work of the Chinese Bible School, I would like to share good news from a Lord's church in Shanghai, China. Since the city was locked down due to pandemics, there have been five souls baptized into Christ. This is another example of the suffering leading the people to seek God. Our prayers go with those new converts that they may remain faithful to the Lord and continue to grow in the knowledge of God.

We are glad that in addition to the 31 video lessons of the book of *Acts* available to view on our website, the study guides of the book of *Acts* in both Traditional and Simplified Chinese versions are also available to download at the following links. Please share with those who may be interested in these books. Thank you.

We are diligently preparing the manuscripts for our next video course, the book of *Genesis*. The manuscripts of the first eleven lessons covering from the introduction to chapter 19 of the book have been completed and are in review. The video recording of these lessons is scheduled for the week of the 21st of August. It is estimated that there will be a total of 22 lessons in the book of *Genesis*, which is twice more than what we made five years ago at the beginning of the work of the Chinese Bible School. After months of study on this book again, while conducting weekly online Bible study with the students from China, Taiwan, and Malaysia, I decided to put all the materials together and expand our video lessons. I hope and pray these video lessons will draw people's interest in learning the book of *Genesis* which contains the very foundation of the whole Bible.

Our weekly Zoom Bible study is continuing the study of the book of *Hebrews*. We have been spending four months studying and have come to finish the doctrine section of the book up to chapter 10 verse 18. About 18 attendees from China, Taiwan, and Malaysia participated in the weekly Bible study online. Each Zoom meeting was recorded and uploaded to the Tencent Cloud in China. The audio and video links were shared with the group members by email. Anyone who can access the links are able to download and share the lessons with others. We continue to grow together in the knowledge of the word of God.

I am thankful for my wife Yolanda, who makes a great effort in reviewing and editing my manuscripts for the video lessons. She proofreads and corrects the Chinese idiom used in the manuscript and polishes the sentences to make the idea more coherent. The final manuscripts not only serve as the scripts for the video recording but also becomes the study guide independent from the video. The process is slow but the quality is guaranteed. May the Lord bless our effort and the work be fruitful in His Kingdom.
